

Elite	
<b>Description</b>	Provider will deliver Services to implement and onboard the Elite solution.
<b>Assumptions</b>	<p>Provider's standard approach to onboarding is a shared effort. The Customer's team will be expected to configure elements of the software, perform data entry work, and test workflows throughout the onboarding. This work coincides with training from the Provider's Services team.</p> <p>Over the course of onboarding, the Customer should expect to spend approximately 40 hours on the project for best results. If the Customer is not able to dedicate the time and/or resources at any point throughout the onboarding, additional fees may be incurred and project timelines will be impacted.</p> <p>The Provider will work with the Customer to complete base onboarding, configuration, and Customer team training. The training portion of this project will include recorded videos and practice that the Customer team must complete before attending live virtual instructor-led trainings each week for 60-90 minutes. All instructor-led trainings will be recorded.</p> <p>Process documentation will be managed by the Customer with specific software processes outlined throughout the onboarding.</p>
<b>Limitations</b>	The system will be configured with the features and capabilities of the current release of the Services. It is the customer's responsibility to ensure a comprehensive understanding of capabilities and limitations during the sales process.
