

Momentum for Conference & Event Centers (Core Elite Software) with Accounts Receivable	
Description	<p>Provider's standard approach to onboarding is a shared effort. The Customer's team will be expected to configure elements of the software, perform data entry work, and test workflows throughout the onboarding. This work coincides with training from the Provider's Consulting Services team. Over the course of onboarding, the Customer should expect to spend approximately 45 hours on the project for best results. If the Customer is not able to dedicate the time needed at any point throughout the onboarding, project timelines and the scope of work will be impacted.</p> <p>The Provider will work with the Customer to complete base onboarding, configuration, and Customer team training. The training portion of this project will include recorded videos and practice that the customer team must complete before attending live virtual Consultant-led trainings each week for 60-90 minutes.</p> <p>Onboarding projects last 14 weeks, not including data conversions, integrations, or other technical work streams.</p>
Assumptions	<p>Project lead and core project team are available for weekly training sessions (1-2 hours per week) AND internal self-guided practice and configuration (1-2 hours per week).</p> <p>Project lead and core project team are empowered to make decisions and document new standard operating procedures.</p> <p>Project lead and core project team hold internal discussions on proposed workflows, provide timely feedback on deliverables, and create a formalized plan to onboard secondary users.</p>
