

Online Payments Momentus Elite

ACCEPT ONLINE PAYMENTS WITH MOMENTUS ELITE

Momentus Elite offers the ability to accept online credit card payments, reducing manual steps in the AR process. Online payments can be accepted for event invoices, exhibitor orders (with the Exhibitor Store feature), or online booking reservations (with the Booking Portal add-on).

Streamline your accounts receivables process.

Simplify AR processes, allowing customers to view invoices and pay online via credit card.

Keep financial data organized as payment records and invoice balances synchronize automatically when payments are received.

Online payments are supported for event invoices (included), Exhibitor Store orders (add-on module), and online Booking Portal reservations (add-on module).

Process payments with Momentus Payments or connect to a 3rd party processor (Trust Commerce, Stripe, or Authorize.net).

Event Invoices

When event invoices or deposit invoices are issued through Momentus Elite, customers view and download these invoices online and even pay for them directly by credit card. Once a payment is received, payment records and invoice balances update automatically ensuring that both the tenant and venue are informed and aligned.

Exhibitor Orders

Venues offering exhibitor services can utilize the Exhibitor Store add-on to provide an online “shopping cart” experience. Process high volume orders for AV, F&B, utilities, or other services, eliminating the need to manage this manually by phone or email. Payment records automatically update in Momentus Elite as orders are received.

Booking Portal Reservations

Our newly released Booking Portal allows venue customers or event organizers to search for and reserve space directly. By configuring rental rates for your Booking Portal rooms, customers can pay for their event rentals, saving time and simplifying AR processes. Payment records and invoices are automatically updated in Momentus Elite upon room reservation.

The Momentus Solution

Challenge:

Manually issuing invoices from a finance system is tedious and time-consuming.

Solution:

Issue invoices directly from Momentus Elite, giving customers the ability to view and pay for these invoices directly.

Challenge:

Keeping track of paper checks in the mail can be slow, disorganized, and error prone.

Solution:

Accept payments directly via credit card, updating associated invoices and payments automatically.

Challenge:

Venues must process payments from a variety of revenue streams such as event rentals, exhibitor orders, and online space reservations.

Solution:

Momentus Elite offers online payments for event invoices, exhibitor orders (with the Exhibitor Store feature), or online booking reservations (with the Booking Portal add-on).
