

# Momentus AI

**ASK MO DATA** IS MOMENTUS AI FOR VENUE REPORTING — INSTANT ANSWERS FOR SALES, OPS, AND LEADERSHIP.

At a busy venue, questions don't wait: **How is pipeline trending? Which spaces are in demand? How is pacing?** Too often, the answer lives in a report someone has to find, export, and explain.

**Ask Mo Data gives your team the answer on demand.** Ask in plain language and get a clear summary plus interactive visuals—so you can make data-backed decisions faster, act with confidence, and keep bookings and operations moving.

## Ask Mo Benefits

Get reporting answers fast—without hunting for the right report.

---

Reduce time spent exporting, pivoting, and reconciling spreadsheets.

---

Give every team—sales, ops, leadership—direct access to insights.

---

Explore trends with interactive visuals you can filter in real time.

---

Built on your Enterprise reporting data—so answers are grounded in what's in your system.

## Ask Questions The Way You Work

The question comes up. You need the answer.

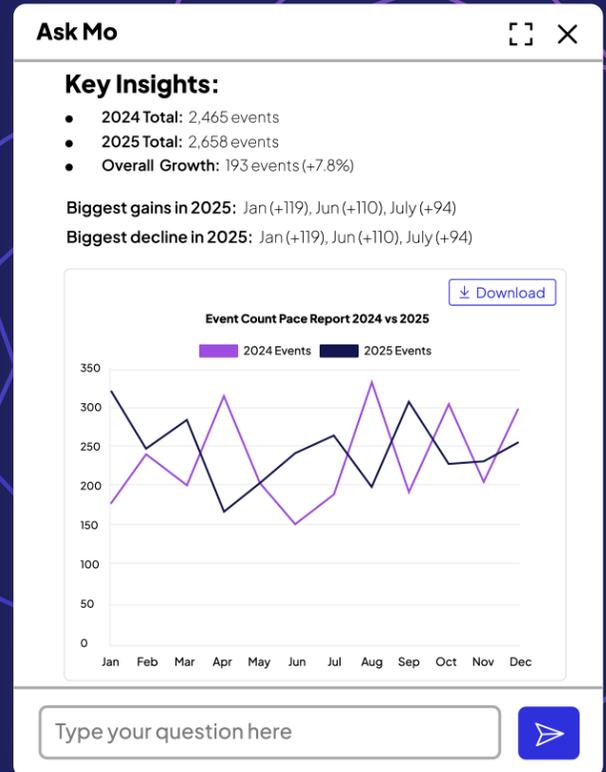

- “Which spaces are booked the most this month?”
- “What are our busiest days of the week?”
- “How many events did we book this quarter vs last?”

Ask in plain language. Get a clear answer—no report hunt required.

## Get Visual Answers You Can Share

Go beyond text with interactive visuals and filter results in real time.

- Answer follow-ups on the spot.
- Download charts for slides and emails.
- Copy summaries into leadership updates.

# BE THE HERO AT YOUR VENUE WITH MOMENTUS AI

## BEFORE ASK MO DATA

Reporting means hunting for the right report and exporting to Excel.

Answers arrive late—often right before the meeting.

Follow-up questions create more work and slow decisions down.

## WITH ASK MO DATA

Ask in plain language inside Enterprise.

Get clear answers with interactive visuals you can filter in real time.

Share insights fast—then move forward aligned.

## THE RESULT

Smarter decisions. Faster action. Powered by Momentus AI.
