

Extraordinary moments.

# Momentum platform

ARTS AND CULTURE MANAGEMENT SOFTWARE

Discover how Momentum helps you efficiently manage your arts and culture center so you can focus on more important things — fulfilling your mission and providing extraordinary experiences.

## Make events of all sizes extraordinary.

---

Transform digital operations and strengthen communications in performing art centers, museums and cultural centers.

---

Optimize venue and event management operations to enrich communities with delightful experiences.

---

Produce powerful insights in an instant on our platform designed for efficiency and accuracy.

---

Join the Apollo Theater, Walt Disney Concert Hall and Kimmel Center and more who rely on the platform to ensure seamless operations at their world-famous performing arts centers and museums.

Campus

# Improve communication and visibility with our industry-leading arts and culture software.

---

## Improve Workflows

Replace manual processes with automated workflows for scheduling performances and booking special events.

---

## Attain Full Visibility

Leverage a full view of event timelines from load in, rehearsal, sound check, doors open, and curtain up, to settlement and next year's planning.

---

## Protect Your Data

Hosted in the cloud and optimized for mobile devices, our platform contains robust data security and privacy controls to keep information safe.

---

## Achieve Real-time Availability

Real-time access to venue availability increases revenue from private and corporate events.

---

## Maximize Revenue

Produce accurate settlements, improve collections and analyze event profitability.

---

## Access Intelligent Reporting

Generate reports for grant applications, funding ventures and booking trends.

# It's time to deploy Momentus.
